

New Afternoon General Support Group

This support group is an open forum where caregivers can ask questions, address concerns and receive support from others who are experiencing similar issues. What makes this support group special is that it will be facilitated by Loren Whipple, a Bereavement Specialist with AVOW, and Marianne Troy of the Network. Loren's specialties are grief, loss and coping strategies.

A social engagement program is provided for your loved one with memory issues in our Club Room.

**Thursdays from 1:30-3:00
Suite 21**

(Club Room will be Available)
