

Alzheimer's Support Network -- Our New Home

We are pleased to announce that the Alzheimer's Support Network has a new home!

The Raymond James Building
1421 Pine Ridge Rd., Suite 100, Naples, FL 34109

We will be on the corner of Pine Ridge and Goodlette-Frank Roads.

We look forward to starting in-person services in the near future, including individual meetings with our team of family consultants, support groups including club room, and all the other programs and services we provide.

Our space is still under construction. We ask that you do not come just yet, as we are making the support group room and the club room bigger and better designed for these programs.

We are hoping to be able to provide in-person services this fall. We are also closely tracking Covid-19 cases and seeking the best possible medical advice about what is safe for groups of people with Alzheimer's disease and their care partners. We will notify you when our in-person services will begin. **Until then, please know that we will continue to offer all of our programs and services online.** If you have become accustomed to going online rather than coming in-person, there is also good news. Even after we are open for in-person meetings, we have decided to continue offering our services remotely as well.

We look forward to seeing you in our new home soon! Until then:
