

Exciting Announcements from the Alzheimer's Support Network about **New Programs!**

It has been a goal of the Support Network to respond to the needs of our families (that's YOU)! We do listen to your requests and suggestions! Here are three new programs you will want to consider:

Online Only Support Group at <https://zoom.us/j/2392628388>

While Hybrid meetings are wonderful and we will always offer them where possible, we understand that some of you are unable to be at meetings in person and would prefer to meet only with others online. If that appeals to you, we hope you will join the team for the brand new **Online Only Support Group beginning on Wednesday, June 21 at 10:00** and continuing on the **third Wednesday** of each month. You may join by whatever device connects to the Internet or by telephone. If you need help with Zoom, please let us know! We welcome you to come to as many meetings as you wish!

For some time, we have presented a program called **Alzheimer's 101/Newcomers**. Due to the very positive response to this offering and the frustration with the short amount of time allotted to it in relation to the material we wanted to present, we have split the program into two parts:

Understanding Alzheimer's will continue to feature Clarke's wonderful power point presentation of the myths and facts about Alzheimer's, helping us understand the meaning of "dementia" and some basic care issues and why they work or don't work. This meeting has been expanded to two hours and will be from **10:00 a.m. until noon** on the **second Wednesday** of the month. Please feel free to leave whenever you need to. Everyone is welcome. **Hybrid**. On Zoom at <https://zoom.us/j/2392628388>

Newcomers The other part of the former Alzheimer's 101/Newcomers will be presented by our Team members. We have discovered that many of you are not aware of everything that the Network offers even if you have been connected with us for a long time. On the **fourth Tuesday of the month at 1:30**, the Team will introduce themselves and tell you about what they do and how they may be able to help you. The "quiz" at the end of the session will be your own thoughts about how you can take advantage of more services. We want to help you and hope that when you know all that we do, you can get all the help we can give! Hybrid meeting with Zoom link: <https://zoom.us/j/2392628388>
