**Portraits of Dementia at the Collier County Museum.** Through the photographs and stories in this exhibit, photographer Joe Wallace shows not only the fear, loss, and despair, but also the love, connection, dignity and powerful humanity that always remain — in the subjects, the care partners and in the families and communities. “Portraits of Dementia” destigmatizes those living with dementia through moving portraits and stories of lives well lived. We will have a guided tour of the Exhibit designed just for Network families followed by an enrichment activity based on the exhibit. Please see the flyer for more information about the Exhibit.
