Spotlight on Meetings in April 2026

The following opportunities are among the many meetings that are happening in April. We hope you will take advantage of the additional groups and services we are offering in response to your requests.

*This page spotlights a few opportunities that are mentioned on the calendars but may be unfamiliar to you. All are hybrid, meaning you may join **in person at 1421 Pine Ridge Road, Suite 100**, or on **Zoom at <https://zoom.us/j/2392628388>** No reservations are required.*

At the Crossroads: Dementia and Driving with Dan Moser

Wednesday, April 1 from 10:00 to 11:30 on Zoom at <https://zoom.us/j/2392628388>

Do the words “dementia and driving” cause a strong reaction in you? It’s a difficult topic!

Dr. William Justiz gave an informative lecture on the subject on March 14, 2026. A recording of that talk may be found at: <https://youtu.be/CJGqkuz6D8U>

Dan Moser’s program on April 1 will give us a slightly different take on the subject. Dan is with the Dubin Center in Fort Myers. He has kindly offered to share his program with us. Dan has created his talk using resources from [The Hartford on Driving](#) as well as his own knowledge and experience as a Florida Certified Driving Instructor/Evaluator and care partner of someone with Frontal Temporal Dementia. Dan will be on Zoom and you may join him there or attend this program with others at the Network offices at 1421 Pine Ridge Road, Suite 100. Everyone is welcome!

Grief THROUGH the Journey has a new day, a new time, new facilitator and new frequency!

The meeting is now held **every Monday from 2:00-3:00 in person at the Network Office or on Zoom at <https://zoom.us/j/2392628388>.**

Grief THROUGH the Journey is for anyone who is feeling the loss of a care partner while they are still living. The group will share their feelings and coping methods and help each other through the difficult situations that accompany brain change — loss of their ability to drive, loss of their empathy, loss of the future you planned for, loss of a partner, and whatever other feelings of loss arise. Our new volunteer Lois Carlton will host this group. Lois was trained as an educator and holds a Masters Degree in Mental Health Counseling. Lois shared, “I have experienced being a caregiver, care partner and I have experienced living through and after the grief. I have come to support groups for nearly six years and they have been my lifeline as I gained knowledge about brain change and the business of taking care of a loved one who was impaired. I knew I had to learn about a whole new world to be able to be the best partner I could be. Knowledge and support have been critically important to me. Now I feel that I can help others on their journeys.”

NEW Support Group for Families of a Care Community Resident,

April 22 from 10:00-11:30 and every 4th Wednesday

In Person at the Network at 1421 Pine Ridge Road, Suite 100

or on Zoom at <https://zoom.us/j/2392628388>

If you have a family member living in a care community, this group is for you! It focuses on issues we encounter when our loved one lives in a community. Issues like: how often to visit, guilt of placement, questions of personalized care, time to ask for hospice, will be discussed. Our Debbie Fulton, Director of Family Relations, is hosting this group. Debbie has a long history of working with care communities. She experienced being on staff in a community before joining the Network Team 19 years ago! She understands how communities work and how families can be sure that their loved one’s needs are met. She is the person you can call when you need support at a care conference or when you wonder if it is time to move to a different community. Debbie is an amazing resource. In addition to facilitating this group, she hosts the General Support Group, the Grief AFTER the Journey Support Group and coordinates the wonderful Ladies’ and Men’s Club.
