

# Arts in Mind

Arts in Mind is a monthly program for individuals with Young-Onset Alzheimer's or in the early stages of memory loss, along with their care partners. This one-hour online program connects art making with looking at works from the Gallery's collection.

Art supplies used during the session may include: pencils, colored pencils, markers, crayons (oil pastels), watercolor set, sketch pad, copy paper, or notebook. Alzheimer's Support Network families are welcome to join with this zoom link:
